

# Monthly Research Program

Ubika Research offers a fee-based research program to under-researched companies.

We provide high-quality independent assessment of the researched company, which enables greater investor awareness as well as an ability to successfully differentiate oneself and to effectively communicate the investment potential. Our "Pay as you Go" research program offers complete flexibility and allows under-researched companies to access high quality research at a low affordable monthly fee.

## What is Ubika's Monthly Research Program?

- » "Pay as you Go" research offering
- » A regular, flexible and comprehensive research program
- » Street level coverage at low affordable monthly fee
- » Research contains business description, financial highlights, management information, market opportunity, competitive landscape and near term catalysts
- » Provides valuation, stock target & analysts' recommendation

## What are the benefits?

- » Strong and continuous foundational research for current & potential investors that fosters positive communication
- » Improved exposure & better targeting of relevant investors
- » Improved demand for stock & better liquidity
- » Consistent, extensive distribution & exposure

## What does the program contain & how does this work?

- » Companies enrol in the monthly research program
- » An Initiation Report (approx. 12-15 pages) is published within 6-8 weeks of enrolment
- » Regular research updates on the company under coverage
- » Distribution to our proprietary database of over 50,000 Investors, Investment Advisors, and Institutional Investors
- » Exposure to wider audience through [www.ubikaresearch.com](http://www.ubikaresearch.com)
- » Distribution using several high traffic investment portals
- » PDF copy for distribution (prints available for additional fees)
- » Fee: A low enrolment fee of \$2,500 followed by a low monthly fee
- » Complete flexibility to opt out of the program with 60 days notice
